Through the inclusive access program, students will have access to an e-books version of the course text, and the online homework site, **MyLab and Mastering**. Inclusive Access is a program between the publisher and the UofU where the cost of the course materials is added to the tuition bill. This program reduces the cost of course materials for students because the purchase is made in bulk for all students in a course, rather than individually. The cost is \$95.76.
