I would also highly recommend that you redo the quiz problems from this week to help prepare you for the test.

The exam covers sections 1.1, 1.3, 1.4, 1.5, 1.6, 0.7, and 2.1-2.3. You will not need your calculator for this midterm, nor will it be allowed.

You can bring a 4x6 inch note card of notes (on both sides, if you want) to use as a reference. Make sure it's truly a 4x6 card and not something that closely resembles a 4x6 card. If you need one, I can provide one for you.
